DATABASE MANAGEMENT SYSTEM for the Amstrad CPC 464

Unleash the data storage capabilities of your Amstrad with this powerful database program from Gemini, the market leaders in home computer software!

Your CPC 464 Database will allow you to store, retrieve and manipulate data in a variety of useful ways — just as you would with a manual card index system, but with extra capabilities, such as:

- Set up your own user-definable card layout in 40 or 80 column mode.
- Up to 20 fields allowed, each with 160 characters — to a maximum of 1000 characters per card. Up to 999 records available, making full use of the CPC 464's memory capacity.
- Extensive mathematical and field relational expressions may be used, including totals and averages.
- Quickly sorts ('heap' method) alphabetically or numerically, even names by surname if required, with or without case discrimination. Sorts may be performed on subsets of data, on ANY field.
- Integrates with Report Generator (available separately) to produce standard mail-merged form letters, mailing labels up to 3 across page etc.
- Change record format at any time, add or delete fields after set-up.
- Completely user-definable field summaries available to both screen and printer — 40 or 80 column display mode.
- Delete records.
- Browse with instant edit/print/delete options.
- Simple menu-driven operation.
- Utilises machine code routines — no long 'garbage collection'.
- Files may be merged enabling the appending of files without tedious re-typing.
- Superbly documented in an easy to understand style — just as you would expect from Gemini!
- Comes with two documented demonstration files to show the extensive capabilities of the software.

Example Applications

Mailing lists (template and example file included)
Stock Control
Catalogues (record/cassette collection template and example file included)
Freezer Management
Personnel Records
Organising computer cassettes

In fact, any application for which you could use a manual card index system. The list is endless!

Gemini Marketing Limited
Unit 21, Concorde Road, Dinan Way Trading Estate,
Exmouth, Devon. EX8 4RS
